Subject: RE: High street SID Data

Hi Jenny,

This location is still on our radar, along with the Burnhill Green location.

My PCSO tells me the SID by Burnhill village is not working but she will do some speed gun work around there. I am also assured that the community speedwatch group has come together nicely over the last few months but unfortunately the Burnhill Green location is probably not a suitable location for them to operate due to safety reasons.

The High Street is certainly something that Community Speedwatch could get involved with and again, the PCSOs will do some speed gun work there. I am not sure if partners could consider a speed camera there?

Thank you.

Kindest regards,

Nic Brookes
